

# PERSONNEL MANAGEMENT

The next generation of people management software has arrived. ESO Personnel Management gives you the power to capture and manage your employees' health, employment, and training information all in one easy-to-use hub, allowing you to manage and develop your most critical resources - your people.

## CLEAR AND ACTIONABLE VIEWS

Forget complex people management, ESO Personnel Management makes it a breeze to view, record and update all of your records. With a single click of a mouse, you can track all personnel with expiring certifications, credentials, immunizations, and more. Further filter, sort, and search effortlessly. Managing personnel has never been so easy.

## FROM A COMPANY YOU TRUST

At ESO, we understand how first responders work because we've worn the uniform ourselves. Not only are our products designed for you - you'll feel like they were designed by you.

## CERTIFICATIONS AND CREDENTIALS

Easily record and track Fire and EMS certifications and credentials while never missing another recertification again. Receive alerts of upcoming expirations for certifications, licenses and more so you can stay compliant and always have ultimate peace of mind.

## EMPLOYEE TRAINING

Schedule and manage employee courses effortlessly, while staying on top of your to-do list. Keep courses organized, and include course materials, and rosters.

## WORK HISTORY

Manage and report employees' work history including promotions, shifts, and assignments. Related documents can easily be attached so everything is right where you need it, when you need it.

## CONFIGURABLE SECURITY

Granular security grants role-based access to information so employee data is viewed and accessed by the appropriately authorized people.
